

CARD SIZE

Our stainless steel metal bottle opener cards are available in the following size:
85mm x 54mm

All cards come standard with bottle opener shape, brushing x 2 sides, rounded corners and printing.

Please use the supplied bottle opener card template if you are setting up your own artwork.

1.5mm

CARD THICKNESS AND FINISH

Metal bottle openers are available in 1.5mm thickness. The finish is brushed.

Spot Colour Printing

No line thickness less than 0.2mm
Colour can not be bled to card edge
No drop shadows or gradients
ONLY vector artwork

PRINTING

Colour printing is available on metal bottle opener cards. The silk-screen printing process is used to print solid coloured inks onto the stainless steel card surface. It is possible to print up to 5 different colours on your cards. We also offer Pantone colour matching for no additional cost.

If you require more than five printed colours, please contact us for a customised quote.

11pt font size

9pt font size
8pt font size
7pt font size
6pt font size
5pt font size
4pt font size

Keep all text above 4pt

FONT SIZE

To ensure that your text is legible, please try and keep any text above 4pt in size. Although we can print and engrave text smaller on our metal bottle opener cards, text below 4pt in size does become quite difficult to read.

Ink Safe Area

BLEED

Unfortunately we cannot print right to the edge of our metal bottle opener cards. You must leave a 1mm border around your metal card where no colour can be printing can occur.

vector

raster

FILE FORMAT + FILE NAME

FILE RESOLUTION: All artwork must be supplied in vector format. No raster images are allowed. ALL FONTS MUST BE OUTLINED OR EMBEDDED.

FILE FORMAT: We prefer all files to be supplied in vector format .eps, .ai, .pdf.

All files must be named clearly.
